

AMI/Revision Space

19th April 2017

Dear Parent/Carer

Year 11 /Sixth Form Revision Space

I would like to advise you that, like last year, we will be opening part of the school for the students of Year 11 and Sixth Form, to provide revision space in the evenings during this important time of the year.

The school will be open in the evenings starting from Tuesday 18th April 2017, between the hours of 6.00pm to 8.00pm for the weeks leading up to May half term. These evening hours will operate from a Monday to Thursday of each week (except the Bank Holiday), until Thursday 25th May 2017. Please note that there will be no revision space available on Thursday 27th April 2017, due to the fund raising event being held that evening in support of the charity, My Shining Star.

The sessions that will be operating will be based in the Sixth Form Study Centre and will have a range of resources, table space and the comfy chairs to suit the preference of different students' revision styles. There will also be a selection of revision and textbooks resources from subject areas available, but it is also crucial that students bring their own revision notes and materials.

The revision time will be a quiet time but with the ability to revise with friends too, if students choose to. Each session will have two members of staff who will be on hand to settle nerves and support revision strategies (Please Note – these are not subject specialist sessions). The session will end promptly at 8.00pm and the responsibility for supervision beyond this time, and for collection and transport home, will remain yours.

Yours faithfully

Mr A Minchin
Headteacher
