

YEAR 10 MUSIC- TERM 3

This term you will be working on actual BTEC weighted coursework. You will be set regular deadlines for the completion of work, and it is vital that these deadlines are met. Therefore, instead of learning knowledge at this point you should ensure you are completing coursework to the best of your ability and practicing performance-based work.

Time will also need to be spent rehearsing practical performances. Spaces for this can be booked after school if required.

On Tuesdays evenings students have access to computers in Room 81 and teacher support to complete coursework/ homework if needed

You will be specifically invited to attend Tuesday sessions, either regularly, or when needed
